

**Program of the International conference
"Endogenous market structures and spatial economics"**

On April 6-7, 2012

April 6, Friday

10.00 – 11.00 Opening the conference.

Roundtable “Endogenous market structures and spatial economics”.

11.00 – 11.50 V. Matveenko – HSE.

The structure of equilibria in the endogenous growth model with horizontal innovation.

Coffee Break

12.20 – 13.10 S. Kokovin – Sobolev Institute of Mathematics SB RAS, HSE, NSU;
coauthors – M. Parenti, J. - F. Thisse, E. Zhelobodko.

Endogenous emergence of large and small firms.

13.10 – 14.00 E. Zhelobodko – HSE, NSU; coauthors – A. Sidorov, S. Kokovin.

Comparison of quantitative pricing and monopolistic competition in the market of heterogeneous goods.

Lunch

15.00 – 15.50 E. Kolomak – Institute of Economics SB RAS, HSE, NSU.

Urbanization and economic growth in Russia.

15.50 – 16.40 I. Bykadorov – Sobolev Institute of Mathematics SB RAS, NSU; coauthors
– S. Kokovin, E. Zhelobodko.

Monopolistic competition with investments in efficiency in international trade.

Coffee Break

17.00 – 17.50 A. Sidorov – Sobolev Institute of Mathematics SB RAS, NSU.

Endogenous urban structure: a model of an isolated city.

17.50 – 18.40 N. Ayzenberg – Melentiev Institute of Energy Systems SB RAS, coauthor
– E. Zhelobodko.

Effect of the introduction of trade barriers on economic activity in a model of monopolistic competition.

April 7, Saturday

10.00 – 10.50 I.Sloev, HSE, coauthors – Ch. Milliou, E.Petrakis.

Equilibrium product variety and market structure in successive monopolies.

10.50 – 11.40 Ph.Ushev, HSE.

Monopolistic competition with multiproduct firms

Coffee Break

12.00 – 12.50 D. Pokrovsky, HSE.

Dependence of income inequality on the size of the market under monopolistic competition.

12.50 – 13.40 S.Kichko, HSE.

Two-factor model of international trade with variable elasticity of substitution

13.40 – 14.30 V.Vakhitov, KSE, coauthor – O.Shepotylo.

Trade liberalization, inequality and agglomeration

Lunch

15.30 - 17.30 Round tables outlining joint research:

On the theory of spatial economics. Organizers - E.Zhelobodko, S.Kokovin, V. Matveenko.

On the empirical estimation of parameters of the market and equilibrium effects. Organizers - T.Mikhaylova, E.Kolomak.

On computer (computable) models of the market. Organizers - N.Turdyeva, S.G.Kokovin.

17.30 – 17.45. End of the conference.

Venue:

Room Г-313, b.11, Pokrovsky Boulevard, Moscow.
